

Reveal your dream to your municipality!

Share your thoughts about what you would really like to see in your city or neighborhood, and get involved in shaping your municipality! It can be something for outdoor activities (new playground, improved football stadium, outdoor fitness equipment...). Something to make life more interesting after school (creative classes, hiking, competitions at the local youth or sports center...), anything else that does not exist in your municipality at the moment, or something that you would like to change...

Get inspired by the Sustainable Development Goals!
